What's Up with the Peeling Paint? We're Drying Out! Yes, we replaced the roof in the summer of 2021. Why haven't we repainted? Because after years of water seepage under the slate of the old roof it is necessary to give the interior surfaces time to "dry out." This is estimated to take at least 12 if not 18 months. Interior repair and renovation work will occur when we are sure the surfaces are dry.
